Everyone of us has thought how much fun it would be to start our pansies from seed -- and here is your chance. Pitzonka's Pansy Farm and Nursery again offers the finest seed at truly modest prices.

No landscape planting is ever complete without the spring flowering Pansies, English Daisies, Violas or Forget-me-nots. Smiling pansies face-type blooms liven up those dreary spots in front of evergreen shrubs. Violas will juvenate the drabest of rockeries into a true paradise of color. Spring is transformed into a season begun earlier with a brilliant display of rare, exotic color tones only possible by pansies or the related plants mentioned above.

Carefully examine our variety list and select the ones that fit your color needs. Upon receipt of your order, we ship immediately, all charges and postage paid by us. Along with each order, is enclosed an easily read pamphlet on "How to grow Pansies (Violas, English Daisies and Forget-me-nots) successfully from seed. Watch them germinate and enjoy the thrill of experiencing plants grow from seedlings into masses of spectacular colors in just a few months.

Remember, only quality plants can germinate from quality seed and that's why thousands are switching to Pitzonka's seed because every seed is quality controlled.
